**Q. How do you measure the value of the Library to the community?**

A. We find value is often unique to each user. For instance, parents and grandparents see great value in introducing children to the joy of reading and through attendance at library programs. The Library offers assistance for job seekers, technology training programs and research assistance. The use of Library resources delivers a return on investment to the community that is three times greater than the annual budget, when compared to the cost of widely accepted commercial alternatives. It's clear the Library fulfills a wide range of needs based on the growth in the demand for all types of library services and programs. Every day over 1,000 people walk through the Library doors to borrow books, DVDs, audiobooks, attend programs, or simply use the library as a place to read, study or meet a friend.
